

CRUISE COMPASS

HARMONY OF THE SEAS®

DAY 4 **Wednesday, April 10, 2019** Falmouth, Jamaica

WELCOME TO FALMOUTH, THE CARIBBEAN'S GEORGIAN-STYLE GEM

It's as if time stands still in colonial Falmouth. Many quaint wooden houses still line the streets, with village carpenters handcrafting custom furniture in age-old tradition. A few of the old Georgian brick mansions and sugar plantations are now open to visitors, full of antiques and memorabilia to feed the imagination. And Falmouth's tropical setting is just as romantic. A 30-foot bamboo raft takes you down the Martha Brae River as you listen to the legends of an era gone by.

Norovirus symptoms include upset stomach, vomiting and diarrhea. Should you experience any of these symptoms, please visit the medical facility.

Diseases Spread by drinking contaminated water According to the (CDC), sources of drinking water are subject to contamination and require appropriate treatment to remove disease-causing contaminants which can lead to adverse health effects, including gastrointestinal illness, reproductive problems, and neurological disorders. Infants, young children, pregnant women, the elderly, and people whose immune systems are compromised may be especially susceptible to illness. To reduce these risks, we recommend consumption of only bottled water from sealed containers.
